CONSULTANT TRICHOLOGIST

WHAT IS TRICHOLOGY?

Trichology is the study of hair and scalp disorders. Consulting a trichologist will be beneficial if you are experiencing:

- Hair loss
- Hair thinning
- Itchy scalp
- Scaly scalp

SERVICES AND TREATMENTS

- Treatments are only offered if necessary for the recovery of the client's condition
- They are designed to treat hair loss and scalp conditions
- They are based on both holistic and orthodox formulations, they are not cosmetic and are not offered for cosmetic purposes.

Treatments can include supplements or special medicated shampoos, conditioners and ointments for continued use at home. They are normally subject to a course of 4 - 6 weeks. Fees for consultations include referral letters to doctors or consultants where necessary and referral to hair transplant or other specialist clinics (this does not include any fees charged by external organisations for consultations/ treatments)

HAIR AND SCALP DISORDERS

There are a range of hair and scalp disorders that I can support with and these include:

- Temporary hair loss
- Permanent hair loss
- Itchy scalp
- Dandruff
- Semi-permanent hair loss
- Hair thinning
- Scaly scalp

Solutions are available for all permanent hair loss and hair thinning conditions.

A consultation is required to identify your condition, determine whether it is permanent or temporary and provide medical advice.

A treatment programme will then be designed to meet your individual needs and requirements.

PRICES

Consultations start from
£150

ABOUT ME

I started out in the hairdressing industry in 1988 and I have been involved with trichology since 2004, starting to practice in 2008.

My experience and knowledge in both of these areas of the hair industry allows me to assist both hairdressing clients and trichology patients.

I am a full member of The Institute of Trichologists and I abide by their code of ethics. I continue to keep my knowledge up to date by attending regular continued professional development days.

I am actively involved with trainee hairdressers to give them a basic understanding of trichology.
